

Republic Doors and Frames

April 20th, 2020

Republic Product Offering Preview Announcement

Dear Valued Republic Customer,

Over the next 2 weeks, Republic will be announcing some exciting product offering updates designed to enhance our ability to meet your needs. This email serves as a sneak peak at those updates and to help you know what to expect in your inbox.

New Product: Republic Hurricane Offering

We are thrilled to announce a new offering of certified doors and frames designed to stand up to nature's fiercest barrage of wind and water. Certified for FBC, and fire rated up to 3 hours, these doors and frames pair strength with the trusted security of Allegion Hardware.

Full details of this new offering will be included in an announcement email tomorrow, April 21st!

Product Expansion: DP Doors

Republic's DP Door offering is also expanding, literally! The DP door width options now include 3'4 and 3'6 standard widths. More information to follow.

Product Sourcing Update: Wicket Doors

Effective immediately, Republic's Wicket Door offering, will now offered via a sourcing partner. This will ensure product is available with a shorter lead time and competitively priced. More details on this change will follow in a separate announcement.

We look forward to providing you more details on these updates to our catalog. Watch your inbox for more further information.

And as always, we thank you for your continued business and support.
